

**GLIDE COMMUNITY CLUB  
MEMBERSHIP MINUTES  
March 20, 2018**

In attendance were four members and one visitor in addition to Board Directors and all had been present when the minutes and treasurer's report had been read at the Board meeting.

**Minutes:** The Annual Membership meeting minutes were read; there were no objections to their approval.

**Unfinished Business:** There was some discussion about renting, the difficulty of the building being left dirty, cleaning deposits, whether the rental fee was sufficient and some of the same concerns and questions which continually come up around this issue. The Rental Coordinator will continue to be **Helen Scott**. **Dianne Muscarello** volunteered to contact similar meeting facilities around the County and record their fees.

**New Business:** In regard to the Easter Egg Hunt usually headed by Duke Hayes; **Helen** reported that Duke has moved to Riddle and has turned the event to the Booster Club; the Club had been holding the grant money given by Mercy Hospital for this effort and she has sent a \$300 check to Rich Livermore for the Booster Club. **Susan Flury** suggests we purchase a wall heater for the Annex; it is miserably cold in there in the winter. We will discuss this at the next Board meeting. Visitor Bob Trusty would like to become a member; he has a long relationship with us as he was formerly the Catering Director at Wolf Creek Job Corps and will bring many talents in the food area to our group. Helen gave him an application. There was a suggestion that since we are better funded than previously, we re-consider the paving situation. **Jim Smith** volunteered to investigate writing a grant. **Don K.** will investigate some vendors and their recommendations.

**Announcements:** Next meeting is April 17, 2018.
